M. & L.: W. Schmitter

1.

The Devil is a woman – no mercy on me  
The Devil is a woman – she makes me bleed  
The Devil is a woman – in a mean disguise  
The Devil is a woman – burnin' paradise

My sweet love – why don't you see – your love for me is sugarf  
So come on baby leave me be – you better watch out –  
there's a the devil in me

2.

The Devil is a woman – she's playin' games  
The Devil is a woman – oh what a shame  
The Devil is a woman – with tales to tell  
The Devil is a woman – straight out of hell

My sweet love – why don't you see – your love for me is sugarf  
So come on baby leave me be – why don't you stop –  
the devil in me

**Solo:**

3.

The Devil is a woman – she's satanized  
The Devil is a woman – champagne on ice  
The Devil is a woman – she's on her way  
The Devil is a woman – better say your prayers

My sweet love – why don't you see –  
There's a bad seed deep inside of me.  
So come on baby leave me be –  
Electric shock – you're out of luck – you'll never stop,  
the devil in me – oh the devil in me
