

Love is the road, that leads to pain. M. & L.: W.Schmidder

1.

Love is a gamble – without rules
Love's got no justice – love is for fools

It promises you heaven and puts you thru hell
You will find out, it's got nothin' to tell

2.

Love is a flower – withered by you
One is a winner – the other one loose

With love you can rise, with love you can fall
You'll feel empty and lonely and useless after all

Love is the road, that leads to pain
Love is the road, that leads to pain

Solo:

3.

Love is a war – for me and you
Love is the reason – I play the blues

It's only a word and no one's to blame
Just a single word, that drives me insane

Love is the road, that leads to pain
Love is the road, that leads to pain
