

# Slutmachine

M. & L.: W.Schmidder

1. The clock strikes midnight – livin' in sin  
I'm feelin' alright – let the fun begin  
White line fever – and a couple of shots  
Make me a believer – gonna drive me nuts

She knows exactly what I need – and tonight, she's gonna make me bleed This lady she's so hot and mean – and tonight she's gonna be my queen

Chorus:

Oh – oh – oh – Slutmachine

2. Baby come closer – whisper in my ears  
My heart's poundin' faster – I've been waitin' here for years  
Pitchblack eyes – like the darkest night  
Oh how I need you – by my side

You know exactly what I need – and tonight, you're gonna make me bleed  
Oh Lady, you're so hot'n mean – and tonight you're gonna make me scream

Chorus:

Oh – oh – oh – Slutmachine

Solo:

3. Hi, my name is Lucy – Lucy Faire  
And I can take you – anywhere  
So come on sugar, take my hand  
I will lead you to the promised land

Don't you give me, what I need – fractured mirrors make me bleed  
This lady she's as cold as ice – an iron grip from the other side

Chorus:

Oh – oh – oh – Slutmachine
