

Straight outta Hell

M. & L.: W.Schmidder

1.

I woke up late and I hear you scream
Is it real or is it just a dream
Puberty has taken control of your life
Livin' with you is a sacrifice

Every day I hear you scream and yell
My little girl – straight outta hell

2.

Your face in a book, you weight in Instagram
You're messin' around, with a face like a ram
Snap Chat, WhatsApp, movin' like a black cat
Where has my little baby gone

Every day I hear you scream and yell
My little girl – straight outta hell

SOLO:

3.

One day little girl, you'll be leavin' home
We will be waitin' for your call on the phone
Puberty will stay for the rest of your life
'cause you're a girl, that's your sacrifice

Everyone will here you scream and yell
My little girl – straight outta hell
