

Inside Out (Crazy Little Things)

M. & L.: W.Schmidder

1.

So many people out on the streets, wastin' their time so blue
A-social disgrace, no smile on your face, where is the clown in you

So many people, wastin' their lives, their faces are carved in stone
Frozen in ice, a mental disguise, feelin' deep down to the bone

Pre Chorus:

Keep that light – win that fight – it doesn't matter if you're wrong or right
All you need is that shining star – right on Hollywood Boulevard

Chorus:

Inside out – upside down – crazy little things make the world go round
Inside out – upside down – with a smile in your face you gotta shout it out loud

2.

Morning Glory – don't feel sorry – here I stand with a loaded gun
A High Ball Shooter, Bad Mood Executor - Start your engine, make your motor hum

Pre Chorus:

Chorus:

SOLO

Chorus:

Inside out – upside down – crazy little things make the world go round
Inside out – upside down – with a smile in your face you gotta shout it out loud

Inside out – upside down – crazy little things make the world go round live your life
– dream your dream – paradise could be now and here

Inside out – upside down – crazy little things make the world go round live your life
– dream your dream – paradise could be now and here
