

I gotta leave this place

Music & Lyrics: W. Schmidder

1.

I think I gotta leave this place
because I know the time is right
I think I gotta leave this place, baby
I'm getting' tired of cheatin' and fight
Between you and me rules hate and distrust
I gotta leave this place

2.

I think I gotta leave this place
all our tears have been cried
I think I gotta leave this place, baby
see the devil at my side
I'm getting so tired of tryin'
I gotta leave this place

SOLO:

3.

I think I gotta leave this place
with open eyes we were blind
I think I gotta leave this place, baby
and leave our world behind
Sorry, I'll follow my heart
I gotta leave this place
